

## Projects

### Introduction

An admin, with the correct roles, has the ability to add, view and delete projects from the system.

Projects are accessed from the side menu as shown as below:

Number	Name	Description
1	Project	Click on this button on the side menu when logged in as an admin.

Add a project by completing the following steps:

≡ Project ?

---

**1** ADD PROJECT

Projects	
Project Name	View Project
INF 370	<a href="#" style="color: white; text-decoration: none;">VIEW PROJECT</a>

Number	Name	Description
1	Add Project	Click on this button to add a new project to the system.

The add project screen is shown below:

≡ Add Project ?

---

**1** Project Name

**2** Project Description

**3** Company Name

**4** ADD

CANCEL

Number	Name	Description
1	Project Name	Insert the name of the project. If the project name is not inserted, the following error is displayed:  <div style="color: red; text-align: center;">Project Name</div>
2	Project Description	Insert the project's description. If the project description is not inserted, the following error is displayed:  <div style="color: red; text-align: center;">Project Description</div>
3	Company Name	Select the company name from the drop down. If a company name is not selected from the drop down, the following error message is shown:  <div style="color: red; text-align: center;">Company Name</div>
4	Add button	Click on this button once the project's name, description and the associated company name has been added.

Once this button is clicked, the following alert is displayed:

**Alert!**

Complete Project

Are you sure you want to add the Project.

[CANCEL](#)   [CONFIRM](#)

Click on the “Confirm” button to successfully add the project to the system.

The following success notification is displayed once the project has been added to the system:

Project Added

Project completed successfully!

Click on the “View Project” button to view the corresponding project.
