

# Register

## Introduction

This section describes the register process for all users. Despite the user type, every user must register themselves on the app before their user role can be allocated.

The register screen can be seen below:

| Number | Name            | Description                                                                                                                                                                                                                                                                                                                                                                 |
|--------|-----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1      | First Name      | Insert your first name                                                                                                                                                                                                                                                                                                                                                      |
| 2      | Last Name       | Insert your last name                                                                                                                                                                                                                                                                                                                                                       |
| 3      | Email           | Insert your email address that will be associated with this account                                                                                                                                                                                                                                                                                                         |
| 4      | Phone Number    | Insert your mobile number                                                                                                                                                                                                                                                                                                                                                   |
| 5      | Password        | Insert your password that will be associated with this account                                                                                                                                                                                                                                                                                                              |
| 6      | Register button | <p>After all the above details have been correctly filled in, click this button.</p> <p>Following successful registration, the following alert will appear:</p>  <p>Thereafter, the user will be navigated to the login page where they can login with their newly created account.</p> |
