An admin has the ability to register a new delivery vehicle on the system. This is done using the Register Delivery Vehicle screen which is accessed through the settings icon at the top left of thescreen as shown below:

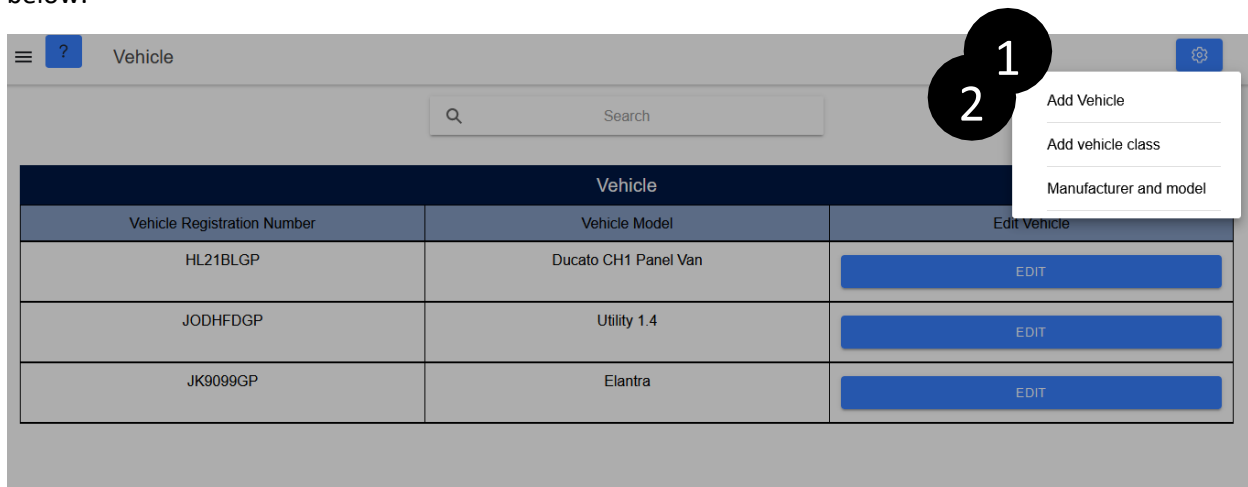

| Number | Name | Description |
|--------|------|-------------|
| 1 | ⚙️ | Displays options relating to vehicles. |
| 2 | Add Vehicle | Allows admin to add a new delivery vehicle to the system. |

The admin will be prompted to insert the new delivery vehicle's registration number, the vehicle manufacturer, vehicle model, vehicle manufacturer date and the vehicle class. Thereafter the admincan add the new delivery vehicle to the system. This is completed as shown below:

| Number | Name | Description |
|---|---|---|
| 1 | Registration Number | Admin inserts the registration number of the new vehicle. |
| 2 | Vehicle Manufacturer | Admin selects the vehicle manufacturer from the pre-populated drop down. |
| 3 | Vehicle Model | Admin selects the vehicle's model from the pre-populated drop down. |
| 4 | Date Time picker | Admin inserts the date that the vehicle was purchased. |
| 5 | Vehicle Class | Admin selects the vehicle's class from the pre-populated drop down. |
| 6 | ADD button | Admin clicks on the ADD button to add the new vehicle to the system. Upon clicking on the ADD button, the following alert is displayed:  In order to successfully add the delivery vehicle, the admin must click on the OK button. The following success notification is displayed upon the successful addition of the delivery vehicle.  Thereafter, the admin is returned to the delivery vehicle page where they can view the pre-existing delivery vehicles. |
| 7 | Cancel button | Click this button to return to the Vehicles screen. |
