DRIVE N DELIVER

Mechanic

Introduction

An admin can add, search and delete mechanics on the system. These mechanics are contacted directly to book delivery vehicles for maintenance.

The vehicle class tab can be accessed through the side menu (using the burger icon ≡) as shown below:

Admin Dashboard

Number	Name	Description
1	Maintenance	Click on this button on the side menu to access the Maintenance page.
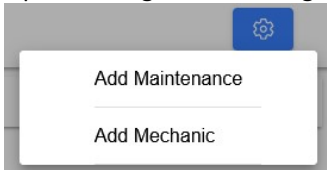

The vehicle screen is shown below:
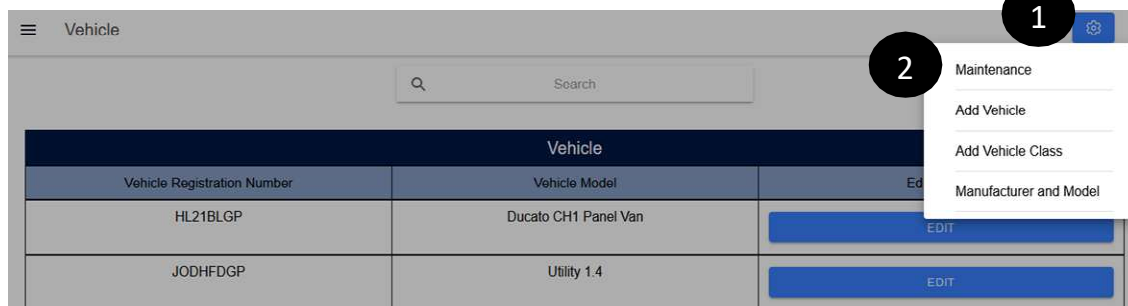

Number	Name	Description
1	⚙️	Displays options relating to vehicles.
2	Maintenance	Allows admin to access the maintenance screen.
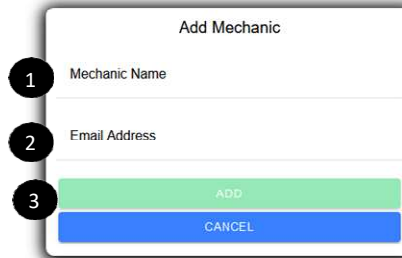

To add a new mechanic, the admin must click on the top right settings icon:
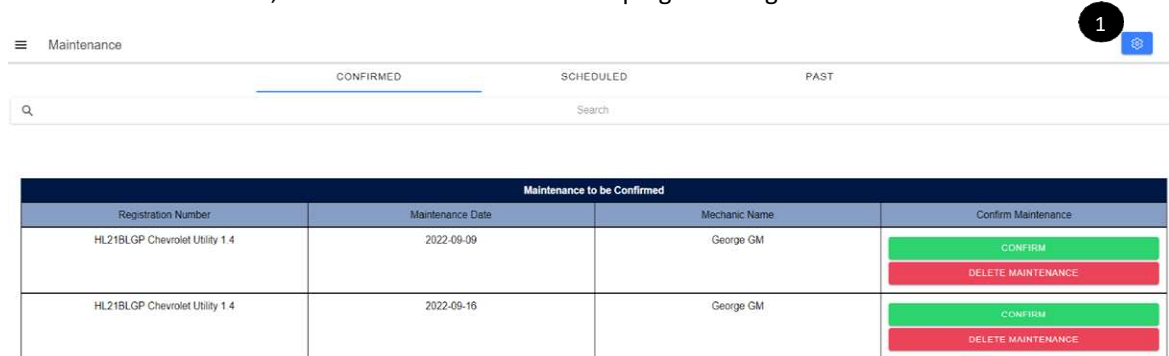

Number	Name	Description
1	Settings	Upon clicking on the settings icon, the following will display: Add Maintenance Add Mechanic The admin must click on the "Add Mechanic" button in order to add a new mechanic to the system.

The add mechanic screen looks as follows:
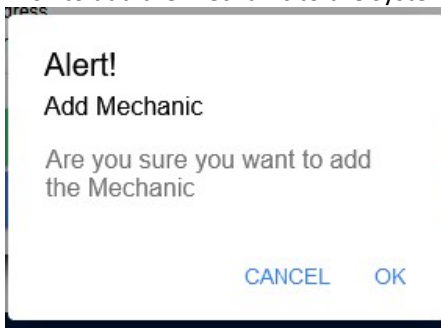

≡   Add Mechanic

Mechanics		
Mechanic Name	Mechanic Email Address	Remove Mechanic
George GM	fouriegeorge134@gmail.com	DELETE

Number	Name	Description
1	Mechanic Name	The admin must insert the mechanic's name. If the mechanic's name is not provided, an error message will be displayed as shown below: Mechanic Name Mechanic name required
2	Email Address	The inserted email address will be used by the system to send automatic emails to the mechanic to schedule vehicle maintenances. If the mechanic's email address is not provided, the following error message is displayed: Email Address Invalid Email Address
3	Add button	The Add button is disabled until both the mechanic's name and email are successfully and correctly inserted by the admin. The following alert is displayed for the admin to confirm that they wish to add the mechanic to the system: Alert! Add Mechanic Are you sure you want to add the Mechanic CANCEL OK To add the new mechanic instance, the admin needs to click on the "OK" button from the alert.

To delete a mechanic, the admin must click on the "Delete" button next to the mechanic that they wish to delete. This is illustrated below:

Number	Name	Description
1	Delete	Admin must click on the delete button next to the mechanic that they wish to delete. An alert is displayed to confirm that the admin wishes to delete the mechanic instance.

Conclusion

An admin can add, view and delete a mechanic from the system.
